

HAVE YOU INSTALLED AN ANTI-VIRUS SOFTWARE?

Just like how you wash your hands to keep away the viruses, you can keep away the computer viruses and other malicious software ("Malware") like worms and trojan horses by:

1

INSTALLING ANTI-VIRUS SOFTWARE THAT WIPES OUT MOST MALWARE

2

UPDATING SOFTWARE PROMPTLY TO KEEP YOUR DEVICES SAFE

3

NOT CLICKING ON UNKNOWN LINKS OR DOWNLOADING UNKNOWN FILES FROM THE INTERNET.

Watch this video and learn how to protect your computer and mobile devices

**Better
cyber
safe
than sorry**
